BARREN AEROSOL

Powerful, long-lasting herbicide

A powerful, non-selective herbicide designed for use where control of all vegetation is desired. It is also a soil sterilant, offering a total kill with long-lasting residual action, so it is only recommended for non-cropland areas away from residential/recreational areas.

Non-Selective Herbicide With Residual control:

- Along pipelines
- Around buildings
- Industrial sites
- Railroad rights-of-way
- Loading ramps
- Parking lots
- Fence rows
- Storage yards
- Tanks farms

Features and Benefits

- Long-lasting residual action.
- Recommended for use only on non-cropland areas.
- The degree of control and duration depends on the amount of herbicide applied, soil type, rainfall and other conditions.

Properties

Appearance.....	Reddish-brown liquid
Fragrance	Fuel oil
Ready to use.....	Yes
Flash point.....	145 ° F
Specific gravity.....	0.875
Solubility.....	Insoluble in water

Authorizations: EPA registered product.

Directions Complete directions on product label

For best results, apply after the predominate weeds have emerged and developed to a point where they present a problem. Apply product as is. No agitation or dilution is necessary. Any equipment from sprinkling can to large sprayer may be used. Equipment should be calibrated to assure application of the recommended amount of weed killer. For annual weeds and grasses such as crabgrass, foxtail, barnyard grass, lambsquarter and pigweed, apply 1-2 gallons per 1000 sq ft. (40-80 gallons per acre). For hard-to-kill perennial weeds such as smooth brome, quackgrass, Canada bluegrass, broomsedge, aster, dandelion, goldenrod, plantain, wild carrot and purpletop, use 2-4 gallon per 1000 sq. ft. (80-160 gallons per acre). For other hard-to-kill perennial weeds and grasses such as Johnsongrass, saltgrass, Bermudagrass, horsetail bouncing bet and bracken fern, use 3-5 gal per 1000 sq. ft. (120-200 gallons per acre).

Ingredients

	Amount
2,4 D Low-volatile ester (Isooctyl (2-ethylhexyl) Ester of 2,4-dichlorophenoxyacetic acid)	1.09%
Bromacil (5-bromo-3-sec-butyl-6methyluracil)	0.98%
Inert Ingredients.....	97.93%
2,4-dichlorophenoxyacetic acid equivalent 0.63%	

Safety

Caution: Harmful or fatal if swallowed or absorbed through skin. Causes eye and skin irritation. Do not breathe mist or vapor. Keep out of the reach of children.
