## BELT DRESSING

*Prevents belts from slipping*

Prevent belt slippage and keep equipment running at top performance with this handy aerosol spray. It's formulated with several liquid resins that provide the necessary adhesion belts need to firmly grip sheaves and pulleys. But while its extremely tacky, it will not glaze and can be used on a variety of materials including rubber, leather, fabric and synthetics.

### Use on all types of belts:

- "V" belts
- Leather
- Synthetic material
- Flat belts
- Rubber
- Use indoors
- Round Belts
- Fabric
- Use Outdoors

### Features and Benefits

- Improves fan and drive belts worn by age, heat and friction.
- Removes grease and dirt from surface to increase traction.
- Penetrates deeply into belts to keep surfaces soft and pliable.
