Blast

Degreases then Releases

This special formula is designed to quickly take off dirt, oil and grime while washing cars, trucks or any heavy equipment. Then using a unique "cleavable" surfactant system, the oil and grease is released from the water inside the oil/water separator. This allows efficient use of cleaner water, and reduces the need for repeated pump outs.

Use in:

- Truck Washes
- Car Washes
- Heavy Equipment

Effective Against:

- Oils And Greases
- Road Dirt
- Soils And Grime

Features and Benefits

- Concentrated cleaner cleans and degreases trucks, cars and equipment.
- After removing greases and oils from equipment, the rinse water releases the oils so clean water may be recycled.
- Reduces odors, reduces oil/water separator pump outs, and allows efficient use of wash water

Properties

Appearance..... Green Liquid
Fragrance..... Detergent
Concentrate..... Yes
pH..... 13.0

Directions

Complete directions on product label.

Inject 2-8 ounces per gallon of water into wash system.

It is recommended that this product be used in conjunction with Bio-Blast HCB, a bacterial product, which degrades and reduces petroleum based hydrocarbons.

Active Ingredients

Active Ingredients	CAS Number
Water.....	7732-18-5
Surfactant Blend.....	Proprietary
