DUST MOP TREATMENT

Helps attract more dust for more efficient cleaning

This convenient aerosol is formulated with special non-staining mineral oils to aggressively attract and collect high quantities of dust without harming floors or other hard surfaces. It not only draws dust particles into mop fibers, but actually forms compact dust balls that are easily shaken off after use. It's safe to use on multiple surfaces like hardwood floors, linoleum, tile and concrete. Plus, it won't leave floors slippery after use.

Use on dust cloths and dust mops:

- Floors
- Tile
- Furniture
- Window frames
- Wood
- Concrete
- Blinds
- Auto interiors
- Formica
- Vinyl
- Linoleum
- Shelves

Features and Benefits

- Formulated with special mineral oils that aggressively attract dust without staining hard surfaces.
- More efficient – cuts down on mopping time.
- Forms compact dust balls on mop for easy removal.
- Heavy lint can be shaken or washed out.
- Does not leave a slippery surface.
