ENGINE STARTER

Provides quick starts in cold, damp weather

This aerosol contains special potent ingredients designed to stimulate engines for quick starts in extreme cold temperatures. It can be used on 2-cycle and 4-cycle engines, as well as both gasoline and diesel engines. Additional high-endurance lubricants also protect engines from corrosion while preserving batteries and ignition systems by minimizing crank time during start-up.

Use With All Gasoline And Diesel Engines:

- Effective in extreme cold temperatures
- Lubricants prevent corrosion
- Difficult damp, wet weather starting
- Preserves battery and ignition system

Features and Benefits

- Quick starts, even in the coldest weather.
- Effective to -65° F.
- Use with 2- and 4-cycle engines.

Properties

Appearance.....	Pale yellow to clear liquid
Fragrance.....	Strong ether odor
Specific gravity.....	>1.0
Flash point.....	Extremely Flammable
VOC content. (% by wt).....	85.0-95.0
Propellant.....	Hydrocarbon
Spray Pattern.....	Aerosol Spray

Directions Complete directions on product label

Simply spray into the air cleaner or carburetor for 2-3 seconds. That's all it takes to get your engine running.

Active Ingredients

	CAS Number
Diethyl ether	60-29-7
Heptane	142-82-5
Carbon Dioxide	124-38-9
Mineral Oil	64742-53-6

Safety

Danger: Extremely Flammable. Harmful if swallowed. May irritate eyes and skin. Keep out of the reach of children
