POOL CLARIFIER

Allows solids to settle for cleaner swimming pools

This non-ionic, polymer flocculent traps finely dispersed solids and debris into larger particles that settle to the bottom of the pool for easy removal by vacuuming. It provides optimum water clarity without affecting chlorine usage or the pH level. It also enhances the efficiency of water filters in the pool.

Features and Benefits

- Helps keep swimming pool water clear.
- Solids and debris settle to the bottom for removal by vacuuming.
- Promotes more efficient operation of pool filters.

Properties

Appearance.....	Colorless liquid
Fragrance.....	No odor
Concentrate.....	Yes
Specific gravity.....	0.993
Flash point.....	None
Stability.....	1 year

Directions

Complete directions on product label
For initial treatment of cloudy pool water, use up to 32 ounces per 10,000 gallons of water.
For normal maintenance, use 8 ounces per 10,000 gallons of water, weekly.

Active Ingredients

Water
Non-ionic polyacrylamide resin
Propylene Glycol
Diazolidinyl Urea

CAS Number

7732-18-5
9003-05-8
57-55-6
78491-2-8

Safety

Caution: Harmful if swallowed. Keep out of the reach of children.
