Swimming Pool Algaecide

Eliminates green, black & blue-green algae

This liquid additive kills and prevents the development of algae slime in pools, exterior spas and decorative fountains. It also disinfects and sanitizes pool surfaces while it keeps the water clear and free from visible algae. It's safe to use with most commonly used pool chemicals, will not affect the pH-level of pool water, and also reduces the overall chlorine demand by eliminating the algae.

Use in:

Swimming Pools
 Spas
 Whirlpools
 Hot tubs
 Poolside surfaces

Effective Against:

- Chlorella pyrenoidosa (green algae)
- Phormidium retzii (square D algae)
- Other swimming pool algae
- Phormidium inundatum (black algae)
- Lyngba versicolor (blue-green algae)

Features and Benefits

- Kills and prevents the development of green, black, blue-green and square D Algae.
- Compatible with most pool chemicals.
- Will not affect the pH of pool water.
- Reduces the chlorine demand by eliminating algae.

Properties

Appearance	Colorless liquid
Fragrance	Detergent
Concentrate	Yes
Specific gravity	1.0
Flash point	>200° F
Solubility	Complete in water

Directions Complete directions on product label
