Acid Replacement Bowl Cleaner

Acid-replacement Bowl Cleaner

This product is an economical formula that has extraordinary cleaning power without the damaging effects of high acid bowl cleaner formulations. It is designed to be safe and mild to the user but effective on all types of deposits. The thick, clinging formula will coat the surface of bowls and urinals for extra cleaning power where needed. The formula is safe for plumbing and septic systems and effectively removes rust, mineral, uric acid and hard-water deposits.

Effective Against :

- Calcium (hard-water scale)
- Soap scum
- Lime deposits
- Rust and discoloration

Features and Benefits

- Removes rust mineral, uric acid and hard water deposits
- Economical without compromising cleaning performance.
- Thick clinging formula.
