## Coil Cleaner

*For air conditioner and refrigeration coils*

This phosphoric acid-based cleaner removes dust, dirt, grime, and grease from aluminum or copper coils and fins of cooling units and air conditioners. When used regularly, it keeps coils clean to promote more efficient operation and lowers the power consumption of air conditioner and refrigeration units.

### Use on:

- Aluminum coils
- Copper coils
- Cooling fins
- Cooling coils

### Effective Against:

- Dirt
- Grease
- Grime
- Oxidation
- Dust
- Corrosion

### Features and Benefits:

- Promotes efficient operation and reduces power consumption.
- For use on all refrigerator and air conditioner coils.
- Carefully selected blend of acids, penetrating agents and rinsing agents.
- Rinses easily and completely, and requires no neutralizing after rinsing.

### Properties
