HOT WAX CONCENTRATE

Beading agent for automatic washers

The concentrated formula of this beading agent and wax was developed for commercial car and truck washes, as well as rental and commercial auto fleets. It's used in the final rinse water after washing to impart a glossy, water-resistant finish to freshly cleaned vehicles. It also promotes spot-free drying and resists further soiling to keep vehicle finishes and paint jobs looking better, longer.

Features and Benefits

- Automatic car wash concentrate.
- Leaves car with a bright, freshly waxed appearance.
- Flexible formula allows for beading wax dilutions.
