WEED EASY

Total kill herbicide

A granular, non-selective herbicide that kills a wide range of annual and perennial weeds and grasses. It offers a total kill of weeds and grasses with long-lasting residual action, so it is only recommended for non-cropland areas away from residential/recreational areas and desired woods, brush and foliage.

Granular Non-Selective Herbicide With Yearlong Residual Control:

- Non-cropland areas
- Around buildings
- Industrial sites
- Railroad rights-of-way
- Loading ramps
- Parking lots
- Fence rows
- Storage yards
- Tanks farms

Features and Benefits

- Long-lasting residual action
- Easy to spread granules
- Recommended for use only on non-cropland areas
- The degree of control and duration depends on the amount of herbicide applied, soil type rainfall and other conditions

Properties

Appearance.....	Gray granules
Fragrance	Characteristic
Ready to use.....	Yes
Flash point.....	None
Application	Apply product using a seed spreader, fertilizer spreader, shaker type application or any equipment, which will distribute this product over the area to be treated.

Directions Complete directions on product label

Apply at a rate of 200 to 300 pounds per acre; on smaller plots, 0.5 lbs to 0.68 lbs. per 100 sq ft. Repeat spot treatment may be required when deep-rooted perennial weeds are present. Application early in the season give superior results to application made later in the season.
